

MOVE PLANTS FASTER, EASIER & CHEAPER BUCKET CLAW

The BUCKET CLAW is the newest product on the market for carrying your plant buckets. It enables you to carry multiple buckets at one time, without dropping any, spilling bark, or damaging the plant. The BUCKET CLAW blades slip between the plant buckets and slide up the sides, the teeth on the blades secure the top of the buckets and the soft grip handle is comfortable and does not slip when wet.
