## VIRTUAL SEMINARS

*Opens August 19th*

Virtual talks available for viewing on demand after 9/5/25 for virtual attendees.

# SEMINAR

## **GROWER CASE STUDIES: COMMON, UNCOMMON, AND COMPLEX**

**Speaker:** George Grant, Ph.D.  
GGSPRO Technical Services Manager

Expo East 9/4, 1:00-2:00 PM | Commonwealth Ballroom, Level 2

Growers are one of the most valuable sources of new insights and effective solutions within the green industry. Case studies offer a powerful way to highlight real-world production challenges and the strategies used to overcome them. Join us as we explore a variety of common, uncommon, and complex issues that plant producers have encountered this season. This session will walk through a broad range of case studies involving both abiotic and biotic problems observed in the greenhouse, offer practical diagnostic tools, and share up-to-date cultural, chemical, and biological recommendations that can benefit growers of all types and experience levels.

### BIRD-X NETTING

For use during the few times the consumer does not want to feed the birds, use this 28 ft x 28 ft with 5/8 inch mesh protective poly netting over fruit trees, vegetable gardens and grape and berry plants. Easy-to-use, this safe and humane deterrent has U-V inhibitors to keep the birds out of the garden and at the feeder for several seasons

### GRASS FAST

Dalen GrassFast Seed Cover is the best option to increase your crop yields. This seed cover improves seed germination by up to 100 percent. Furthermore, because it floats over crops without support, this cover is simple to use. This blanket retains heat and moisture, resulting in larger, better, and earlier harvests. It protects against frost, insects, and birds and is great for slopes and challenging areas.

## VERI-GREEN NITROGEN RICH LAWN FERTILIZER

Green up your lawn without the extra mowing! Jonathan Green Veri-Green Nitrogen Rich Lawn Fertilizer contains 29% nitrogen to quickly green up your lawn and feed the grass for up to three months. With the slow and steady food release enabled by the polymer-coated nitrogen found in this product, you don't have to worry about dealing with a surge of grass growth in the early spring. This formula is effective for all types of turfgrass plants. Veri-Green Nitrogen Rich Lawn Fertilizer is the best fertilizer to use in the early spring if crabgrass is not present.

## HOUSEPLANT SPECIAL FERTILIZER

Houseplant Special 15-30-15 is our traditional indoor houseplant fertilizer designed for use on all foliage and flowering plants. Professional growers prefer the 1-2-1 ratio fertilizer used for over 50 years to keep indoor grown plants vigorous and green. Great for long term plants! Used in a constant feed system, it keeps the nutrition levels constant preventing nutrient stress from over or under feeding. This product can also be used outdoors as a transplant solution and as a blossom booster for all flowering plants.

## CLASSICOTE WITH CRYSTAL GREEN 15-8-23

ClassiCote with Crystal Green feeds your plants in a sustainable earth-friendly way utilizing a renewable, slowly available source of phosphorus and magnesium that would otherwise be lost as waste. Crystal Green's®, a highly pure, crystalline compound with innovative green technology that captures nutrients from wastewater. The controlled release nutrients are available to the plant in small increments giving time for absorption instead of washing away. This blend with enhanced micronutrients availability provides optimal nutrition for strong roots and vital green growth.

## PETUNIA FEED 20-6-22

Petunia FeED 20-6-22 is designed for plants that do not take up iron efficiently in the root zone. Petunia FeED contains an enhanced micronutrient package that will produce lush green plants in any growing condition. Iron hungry plants include petunia, calibrachoa, bacopa, verbena, vinca and salvia. This low phosphorus formulation keeps plants fuller. Petunia FeED is especially effective in hanging baskets and containers that are watered often. Great for hard water areas.

## PLANTING MIX

Planting Mix finally answers the industry's demand for a high-quality, perlite-free soil option. Perfect as a standalone growing medium or for use in raised beds, amending native soils, revitalizing tired gardens, mulching, and even beautification projects, their Planting Mix does it all. Moderately amended with excellent permeability and moderate water retention, this is truly an all purpose planting medium.

Item#	Vendor#	Description	cs/pk	Inseason Price	Expo Price
82580031	RG-PLT15P	Planting Mix 1.5CF Pallet	60	\$12.47	\$9.64

## POTTING MIX

A fresh take on our tried-and-true peat-free formulation. Reformulated from their flagship Basement Mix, they have focused on creating a finer version of our classic recipe. Potting and Propagation Mix is perfect for seeds, clones, and all of your potting needs. Lightly amended with an excellent mix of air-holding and water-holding abilities, this potting soil's versatility shines through.

## SPECIAL RESERVE

Royal Gold® Special Reserve Premium All Purpose Potting Mix is a ready-to-use blend formulated for vigorous plant growth in container gardens. Made with coco fiber, aged forest products, peat moss, and perlite, this mix offers excellent drainage and structure. Pre-charged with fertilizer, it delivers essential nutrients for immediate and sustained plant development.

### WATERING CAN WITH COPPER ACCENTS

This striking design combines a sturdy galvanized steel body with copper accents on both handles, rosette cap, and bottom band to create a decorative and highly functional watering can. Heavy duty galvanized steel construction for long life and rust resistance. Threaded removable rosette-diffuser creates a gentle shower of water to leave mulch and soil undisturbed; perfect for young seedlings.
