BLACK BEAUTY GRASS SEED

Produces a darker-green turf naturally. With improved disease resistance and drought tolerance, Black Beauty Grass redefines what a "green-lawn" is supposed to look like! The grass leaves possess an invisible waxy coating, very similar to what you'd find on an apple which helps to preserve moisture in the leaf and wards off stress from heat, cold, wind and disease. With roots that can grow up to four feet deep into the soil, it will improve any lawn it is overseeded into. This blend grows well in clay or sandy soils and in full sun or partial shade.

	Item #	Desc	UPC	Vendor	CS/UOS	Retail

ACID MIX 4-3-6

Acid Mix 4-3-6 is a fertilizer blended for plants that thrive in a low pH soil like blueberries and raspberries, rhododendrons, azaleas, hydrangeas, evergreen trees and shrubs. To encourage lush flowers and fruit, apply DTE Acid Mix 4-3-6 in early spring for vegetative growth and again when blooms appear. Fall applications promote root growth and boost resistance to extreme winter temperatures.

BLOOD MEAL

Premium kiln-dried Blood Meal is an excellent source of organic nitrogen that promotes growth in all types of plants. It contains Superactive soil and seed inoculant and 5 strains of beneficial soil microbes. TruBiotic ensures organic nutrients are thoroughly broken down and then released in the soil for plant roots to absorb them as they are needed, contributing to drought tolerance, enhanced nutrient availability and increased plant performance. As an added bonus, it helps to repel deer! Use on vegetables, roses and flowers, trees and shrubs, container plants, tropical plants and all plants in vegetative growth. Can be used as a fertilizer tea to feed plants.
