YOUR SINGLE SOURCE SUPPLIER FOR ALL HORTICULTURAL NEEDS

ABOUT GRIFFIN

Griffin is a partner to horticulture professionals. Family owned and operated since 1947, we apply our knowledge, experience and resources to enhance customer success from production to retail.

End-to-end solutions are our specialty. We represent the industry's leading breeders and producers, spanning seed and vegetative, bedding and potted crops, ornamentals and edibles. Our grower supplies offer includes reliable inputs and equipment to help your crops thrive through all production stages. Finally, our quality retail products drive add-on sales for you, while enhancing consumer success and enjoyment.

To learn more about our company, we invite you to visit us online at **www.griffins.com**, follow us on LinkedIn, Instagram and Facebook.

A LEGACY OF QUALITY AND SERVICE

Charlie Griffin founded his namesake company in 1947 with a simple vision: To maximize products and service for his customers. Originally headquartered in Reading, Mass., his was a one-man operation with a limited offering, delivering supplies to growers in the local community.

Ken Hyslip, Sr. first became an employee of Griffin Greenhouse Supplies in 1952, as a truck driver at the age of 17. At the time, Griffin operated from a single location with no more than five employees. He went on to buy the business from the Griffin family in 1968. Under his leadership, Griffin grew steadily across the East Coast.

Today, Griffin thrives among horticulture's premier distributors, serving growers and retailers nationwide. Under the leadership of the Hyslip family, the business has earned a reputation for operational excellence, quality products, and first-class customer service.

We know you have many choices among supplier partners, and we sincerely thank you for your business. We look forward to serving you in the season ahead.

GRIFFIN IS COMMITTED TO EXCEPTIONAL CUSTOMER SERVICE

Our goal is simple: To meet your needs and exceed your expectations. From the time you place your order until it's delivered to your location, our team works to treat you with the utmost care every step of the way.

We strive to deliver every order on time and in full. We'll contact you 24 hours before your delivery date to ensure you're ready for the product. If we're unable to honor a delivery date, we'll notify you in advance and make every effort to reschedule at a time that's convenient for you. In the event of any issue, we're dedicated to working with you and our suppliers as needed to find a swift resolution.

Your opinion matters to us! Customer feedback is key to helping our team deliver on our service pledge. Please don't hesitate to contact me directly – by phone or e-mail – with any questions or input that may help us serve you better.

PRODUCTION SUPPLIES

Griffin's roots are in production supplies, and they remain the backbone of our company today. We're proud to offer reliable inputs and equipment to help your crops thrive through all growing stages. Look to us for containers, growing media, chemistry and more from the manufacturers you know and trust. With the increasing demand for more efficient and environmentally friendly methods of growing food crops, we now specialize in Controlled Environment Agriculture for food and cannabis. Our 14 branch locations service customers nationwide with convenience and efficiency. Shop all of our grower products and place your order with your Griffin sales representative or on **www.griffins.com.**

RETAIL SOLUTIONS

Griffin is the independent retailer's best source for lawn & garden products. We make it easy for IGCs to do business, with complete vendor offerings, low order minimums and efficient shipping solutions. Raise your retail game with help from our experts! Count on us for seasonal promotion ideas, merchandising best practices and space-planning tips to maximize your display areas and drive sales. Shop all of our retail products and place your order with your Griffin sales representative or on **www.griffins.com.**

GREEN GOODS

Griffin is a full-service broker of live goods to professional growers. Our assortment includes seed and vegetative material, bedding and potted crops, ornamentals and edibles from the industry's most respected breeders and producers. We're uniquely committed to the seed business, stocking more than 3,300 variety/product-form combinations in our state-of-the-art seed operations facility. Count on us for annuals, perennials, grasses, herbs and vegetables. We're serious about seed quality: Inventory monitoring and regular performance testing ensure every variety meets its full potential, from the greenhouse to the garden center. Browse our complete portfolio and book your product selections through your Griffin sales representative or on **www.griffins.com.**

TECHNICAL SUPPORT

GGSPro is our in-house technical services team. With more than a century of combined experience, GGSPro delivers prompt, practical and accurate support to Griffin customers nationwide. The team's areas of expertise include: Crop culture, sanitation protocols, plant physiology and pathology, chemical controls, biological control agents (BCAs), and plant nutrition. GGSPro endorses a holistic approach to plant protection, utilizing a mix of cultural practices alongside chemical and biological controls to manage pests and diseases. Visit **www.griffins.com/ggspro** or contact GGSPro at **1.800.888.0054**.

CONSTRUCTION SERVICES

Our construction team assists with all aspects of greenhouse planning, construction and maintenance. Whether it's a new operation or expansion, upgrades or replacements, we can help with options to meet your needs and fit your budget. We offer a full range of equipment to help you grow efficiently and profitably. Look to us for greenhouse structures, films and coverings, lighting, climate control, irrigation, carts and more. Visit us at **www.griffins.com/construction** to learn more about our product portfolio, see our project showcase, and submit a request for a free quotation.

GROW!T Clay Pebbles

GROW!T horticultural clay pebbles are made from 100% natural clay. They are clean, pH stable, and offer great aeration and drainage in hydroponics, especially in flood and drain, deep water culture, and drip feed systems. Due to their unique structure and ability to cover a large surface area, they offer the ideal environment to foster beneficial bacterial growth around the root zone, leading to naturally healthier plants.

Geolite Clay Pebbles

GEOLITE clay pebbles serve as a strong, durable and versatile media, perfect for hydroponics and many horticultural applications. Made from 100% natural Italian clay, this media is industrially produced at extremely high temperatures (2200°F/1200°C) and specially treated for a consistent EC and stable, neutral pH. It offers great aeration and drainage, ensuring success with technically one of the best growing medias for your indoor garden.

OMRI LISTED

GROW!T Organic Coco Coir

They retain water, making sure plants never go thirsty, but due to their texture, they also offer excellent drainage properties. Plants are no longer at risk of "drowning" in too-packed or over-watered soil. Instead, Plant!t's ideal consistency gives them room to breathe and for roots to grow freely, capturing that essential air-to-water ratio for your biggest growth yet.

Roots Organics Formula 707

Formula 707 is different from the other growing mixes created by Aurora Innovations. It was designed with greater water-holding capacity, fewer nutrients, less perlite and less pumice, and it contains ingredients specific to large container gardening. In fact, the packaging is a 30 gal. grow bag containing about 20 gal. of the finest quality potting mix. Just punch holes in the bottom, cut off the top and plant.

JACK'S NUTRIENTS LINE

SOLUBLE. AVAILABLE. CONSISTENT.

Since 1947, these are the three words that you have come to expect when you open a bag of fertilizer made by the Peters' Family - and now, the master-crafters at Jack's introduce our small batch blends, Jack's Nutrients: A collection of formulas that gives you choices that work for many different controlled environments without the hype or confusion of extravagant names and crazy labels.

FeED

The Jack's FeED line is comprised of complete nutrient formulations. Everything your plants need for each stage, from start to finish.

15-5-20

Allow your plants to drink up this formula designed to provide all the macro, secondary and micro nutrients in a one-part system. Specifically formulated for tap, city or well water types with slightly higher alkalinity & pH. This combination of nutrients will lower pH over time while including the extra soluble calcium, magnesium and the right balance of micronutrients.

Item #	Desc	UPC	Vendor	CS/UOS	Location
80060048	2.2 lb.	671341790518	79051	6/6	National

10-30-20 Bloom

Need a Boost of Flower Power? Our 1:3:2 major nutrient ratio has been trusted by Jack's Professional growers for over 70 years. This soluble and available nutrient combination stimulates blooming, resulting in heavy bud and fruit set.

Item #	Desc	UPC	Vendor	CS/UOS	Location
80060049	2.2 lb.	671341790617	79061	6/6	National

15-6-17 Clone

Like a shot gun start for your new plants - this formula will help promote strong and fast root growth and expansion. Best used for fertilizing young seedlings, transplants, clones and newly set rooted cuttings.

Item #	Desc	UPC	Vendor	CS/UOS	Location
80060050	2.2 lb.	671341790716	79071	6/6	National

12-4-16

For the Purest in you. This one part nutrient blend is designed for crops grown in very low alkalinity waters such as reverse osmosis (RO) water, rainwater, and distilled water. Formulated utilizing the innovative raw materials to reduce pH crash while delivering all the nutrients essential for vigorous plant growth.

Item #	Desc	UPC	Vendor	CS/UOS	Location
80060047	2.2 lb.	671341790419	79041	6/6	National

7-15-30 Finish

You've always been told to finish strong. This formula is ideally formulated for this purpose to provide your plants with a very low nitrogen, high phosphorus and very high potassium content to keep the whole plant happy to the end of its crop cycle.

Item #	Desc	UPC	Vendor	CS/UOS	Location
80060053	2.2 lb.	671341790211	79021	6/6	National

5-12-26 Part A

An improvement on the classic "Part A" formula for general vegetative growing. This redesigned blend is built with purely soluble and available nutrients to allow the grower maximum flexibility. Specific balance of macro, secondary and micronutrients delivers an efficient combination of nutrients suitable for many different growing environments and crop types.

Item #	Desc	UPC	Vendor	CS/UOS	Location
80060046	2.2 lb.	671341790310	79031	6/6	National

BOOST

The Jack's Boost line is all the little extras your plants may need. Do you need calcium or extra nitrogen? These supplements and more are found in the Jack's Boost Line.

15-0-0 Cal Nit Part B

An essential "Part B" provides a very soluble and available source of calcium in a two-part nutrient system. Contains very pure and completely available calcium and nitrate nitrogen nutrient sources.

Item #	Desc	UPC	Vendor	CS/UOS	Location
80060052	2.2 lb.	671341790815	79081	6/6	National

Magnesium Sulfate Epsom Salts

Two essential elements of every Jack's Nutrients program. Mg and S are known for their greening effect in plant growth with bold ions central to chlorophyll production. One of life's original "salts", Jack's epsom made it through extensive quality testing to ensure the lowest amount to heavy metals possible - so you can be sure you are feeding Mg and S, nothing else.

SoilMoist™

Soil Moist™ Plus 7-7-7

Contains the Soil Moist™ copolymer blended with a three to nine month timed release fertilizer. Ideal for indoor/outdoor plantings, especially in warmer, drier climates.

Item #	Desc	UPC	Vendor	CS/UOS	Location
80040017	8 oz.	030541010855	JCD-05SMP	12/12	**National**

Transplant Formula

Soil Moist Transplant is formulated to inoculate transplanted trees, shrubs and plants during planting time. The formulation contains a diverse blend of five species of healthy viable ectomycorrhizal propagules and seven species of endomycorrhizal propagules that are adapted to a wide range of plants. Soil Moist water storing polymers are included in the blend.

Item #	Desc	UPC	Vendor	CS/UOS	Location
80040210	3 oz. Bag (Retail Shelf Unit)	030541099829	JCD-TP03	24/24	**National**

Natural Formula

Soil Moist Natural is a grafted starch polymer designed to reduce plant waterings by 50% and last in the soil for an entire season. The organic starch in Soil Moist Natural is derived from corn. Soil Moist Natural is completely safe and biodegradable like our other Soil Moist polymer products. The product will hold several hundred times it weight in tap water and readily releases it back to the plant as the soil dries out. Ideal for hanging baskets, annual beds and vegetables.

BETTER-GRO

Better Grow® Orchid Moss

High quality, five-star rated, natural imported sphagnum moss. Maintains adequate moisture, inhibits bacterial growth, and reduces shock when re-potting seedlings. Attractive to use in a wide variety of containers and cedar baskets. May also be used as a mounting medium for ferns.

Item #	Desc	UPC	Vendor	CS/UOS	Location
81830008	Brick	079925050452	50450	12/12	East

Better Grow® Orchid Bark

Specially sized grower's grade choice western fir bark. Quality potting mixture for all epiphytic orchids as well as a variety of ornamentals, such as bromeliads. Ideal for potting, re-potting, spot refilling, or as the base for a custom mixture. Comes in a handy re-sealable bag.

Topsoil

Topsoil is an economically priced blend of garden loam, compost, and sphagnum peat moss. Use for creating a base layer in raised beds, patching and filling holes in lawns.

Item #	Desc	UPC	Vendor	CS/UOS	Location
81600154	20 qt.	609853000670	TO3500	75/75	East

Premium Leaf Compost

A natural material composed of recycled composted leaves and grass clippings. The end product is a dark, partially decomposed humus, similar to the natural organic matter found on the forest floor. Use to restore organic material to the soil when planting trees and shrubs, establishing a lawn, and in garden and flower bed preparation.

Item #	Desc	UPC	Vendor	CS/UOS	Location
81600064	.75cf	783293003049	LC3001	75/5	East

Premium Mushroom Compost

This compost is sourced in the mushroom capital of the world, Avondale, PA and made from recycled mushroom growing media, providing a great source of organic matter. The result is a dark, rich compost that is ideal for all of your garden or lawn needs.

Enriching Mulch with Kelp Fundy

Coast of Maine Fundy Blend Enriching Mulch with Kelp is the ideal top-dressing for roses and perennials. We combine some of our limited supply of very old, humified birch and maple bark with partially humified hemlock bark and a very rich blend of kelp solids and sphagnum moss peat. The result is an almost black humus that is rich in organic matter with all the added benefits of both compost and kelp.

81600022	2 cf	609853000498	FU2000	40/4	East

Enriching Mulch Dark Harbor

Dark Harbor Blend Enriching Mulch is an exceptionally rich, naturally dark, fine textured blend of composted bark. It helps retain moisture and insulate the surface soil against temperature variations that can harm roots. Because it is composted, it will not rob the soil of nitrogen and can be dug into the beds in the fall to improve the organic content of the soil.

ROYAL GOLD
ROOTED IN HUMBOLDT

Tuper Mix

Tuper Mix is designed with the idea of feeding your plant as much and often as possible. Though not your typical 70/30 coco perlite blend, it is a blank slate to create your own high performance feeding regimen.

Item #	Desc	UPC	Vendor	CS/UOS	Location

Planting Mix

Planting Mix finally answers the industry's demand for a high-quality, perlite-free soil option. Perfect as a standalone growing medium or for use in raised beds, amending native soils, revitalizing tired gardens, mulching, and even beautification projects, their Planting Mix does it all. Moderately amended with excellent permeability and moderate water retention, this is truly an all-purpose planting medium.

Potting Mix

A fresh take on our tried-and-true peat-free formulation. Reformulated from their flagship Basement Mix, they have focused on creating a finer version of our classic recipe. By removing larger particles such as coco chips and lava rock and using their unique perlite formulation, they have made this a perfect fit for smaller propagation cells and flexible enough for a wide variety of crops and applications. Potting and Propagation Mix is perfect for seeds, clones, and all of your potting needs. Lightly amended with an excellent mix of air-holding and water-holding abilities, this potting soil's versatility shines through.

Orchid Potting Bark

A custom blend of natural Douglas-fir tree bark, organic moss & river sand. We designed this blend specifically to the needs of wholesale orchid growers in California. Its pH makes it an ideal potting medium for orchids. It allows for great oxygenation and drainage of water so that the orchid's roots have constant access to both water and oxygen. This mimics an orchid's natural environment and helps them grow to their full potential.

Black Beauty™ Grass Seed

Produces a darker-green turf naturally. With improved disease resistance and drought tolerance, Black Beauty Grass redefines what a "green-lawn" is supposed to look like! The grass leaves possess an invisible waxy coating, very similar to what you'd find on an apple which helps to preserve moisture in the leaf and wards off stress from heat, cold, wind and disease. With roots that can grow up to four feet deep into the soil, it will improve any lawn it is overseeded into. This blend grows well in clay or sandy soils and in full sun or partial shade.

Veri-Green Lawn Food 29-0-3

An ideal balance of fertilizer for high-quality turf requirements. Features Green-Meter Technology with 40% slow-release nitrogen that continually feeds the turf for 10 to 12 weeks. Nitrogen release is unaffected by excessive rainfall, thereby reducing grass clippings. Uniform particle size for even distribution. Contains 3% iron and 1% sulfur to help lawns resist drought and disease. Contains humates for root development.

FELCO
SWISS MADE

F-600 Folding Miracle Saw

Fast, easy pull action is easier and safer than other saws. The shape of the turbo-cut blade is thinner at the top and thicker at the bottom-where the teeth are. This unique Felco feature keeps only the teeth in contact with the material to be cut. This prevents clogging and binding, since the sides of the blade never come in contact with the wood.

Core Aerator (D)

The lawn coring aerator revitalizes old lawns while using less water and fertilizer. By removing two plugs 3 inches long, this manual lawn plug aerator and de-thatcher reduces compaction and thatch to let air, water, and fertilizer down to the root zone. At the same time it stimulates root growth by pruning, the roots. As an added benefit, the removed cores deposit valuable micro-organisms on the lawn surface. This also strengthens drought and heat tolerance in your turf. The heavy-duty powder coated steel handheld lawn corer is built for a lifetime of use.

4-Zone Bluetooth® Water Timer

Take the hassle out of watering the garden. The innovative Bluetooth timer works with the Melnor BT App to easily set watering schedules directly from your smart device. Choose up to twelve unique watering start times to match your specific lawn and garden needs. If rain is in the forecast, use the Watering Delay feature to pause the schedule for up to seven days. The regular schedule will resume once the delay is over. If you need to see when the next watering cycle is scheduled or when the current cycle will end? Check the app to see what's going on or make a quick change. Switch over to Manual Mode through the app or directly at the valve to turn on the water whenever you need it.

Inline Hose Filter

Protect your gardening tools from harsh water with the Inline Hose Filter. Easily connect the Inline Filter between the faucet and the hose. Great for homeowners with well water or water impurities, the removable filter makes cleaning easy. Simply remove the durable stainless steel filter tray and wash off any dirt, sand, and grit before re-inserting. Keep your favorite gardening tools in good condition by stopping dirt and grit from reaching them through the water.

DOWN TO EARTH ALL NATURAL FERTILIZERS

GARDEN MINERALS

Garden Gypsum

OMRI LISTED

Garden Gypsum improves the physical condition of landscape, lawn and garden soils while adding calcium and sulfur. Commonly used to reduce soil compaction and increase drainage in heavy clay soils, gypsum is also used to help remediate and revitalize alkaline, sodic or saline soils.

Item #	Desc	UPC	Vendor	CS/UOS	Location
82390081	5 lb	714360078905	07890	6/6	National

Garden Lime

OMRI LISTED

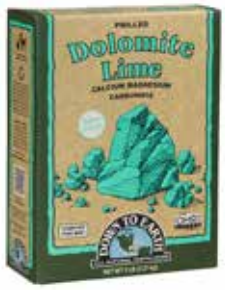

Garden lime sweetens your soil (raises the pH) to improve plant growth and maximize fertilizer performance. Natural limestone is ground into an ultra-fine powder and then formed into uniform mini granules (prills) for easy spreading and rapid reaction time. Lime supplies calcium, an essential nutrient required for proper plant growth.

Item #	Desc	UPC	Vendor	CS/UOS	Location
82390070	5 lb	714360078707	07870	6/6	National

Dolomite Lime

OMRI LISTED

Dolomite Lime supplies essential nutrients calcium and magnesium, and sweetens your soil (raises the pH) to improve plant growth and maximize fertilizer performance. Magnesium is the element that causes plants to be able to convert light into energy. Natural limestone is ground into an ultra-fine powder and then formed into uniform mini granules (prills) for easy spreading and rapid reaction time.

Item #	Desc	UPC	Vendor	CS/UOS	Location
82390075	5 lb	714360078806	07880	6/6	National

Garden Sulfur

OMRI LISTED

Garden Sulfur is a valuable amendment that can lower soil pH, help improve soil characteristics, and enhance plant nutrient availability. When dealing with problem soils, such as alkaline or saline soil, it is important to address the conditions that are negatively affecting plant growth. If your hydrangeas, blueberries or evergreens aren't performing up to expectations, unsuitable soil pH may be the root cause.

Greenstone Metabasalt

Greenstone Metabasalt originates from basalt subjected to great heat and pressure over millions of years. Its naturally green color distinguishes it from unaltered basalts and comes from the presence of various minerals that were formed by these metamorphic forces. It is an excellent source of the valuable plant nutrients calcium, magnesium and iron and can be used for fortifying garden soils with these important mineral elements. Greenstone is ideal for direct application to soils or combining with other natural fertilizers, composts and soil amendments.

DOWN TO EARTH
ALL NATURAL FERTILIZERS

Acid Mix 4-3-6

Acid Mix is a fertilizer blended for plants that thrive in a low pH soil like blueberries and raspberries, rhododendrons, azaleas, hydrangeas, evergreen trees and shrubs. To encourage lush flowers and fruit, apply in early spring for vegetative growth and again when blooms appear. Fall applications promote root growth and boost resistance to extreme winter temperatures.

WETTABLE POWDERS

Gypsum

Gypsum is composed of calcium (Ca) and sulfur (S) – two of the essential nutrients that plants require to achieve optimum growth and reach their maximum potential. Gypsum offers many advantages for soil management practices in addition to being a valuable resource for plant fertility programs. We offer a high performance solution grade powder that growers can apply with confidence. Designed for efficient delivery and immediate uptake, this 325 mesh powder can be used in reservoirs, fertigation, drip irrigation or spray applications.

Fish Bone Powder 4-20-0

Fish Bone Powder is a high quality, free flowing phosphate fertilizer for supplementing plant nutrient requirements or correcting deficiencies in all types of plants including vegetables, flowers, herbs, trees, shrubs and vines. It is derived from fish bone using an advanced enzymatic hydrolysation process and ground to a fine powder for easy and uniform application. Phosphate is an essential nutrient for growing plants and an adequate seasonal supply encourages plenty of buds, flowers, fruits and vegetables.

Potassium Sulfate

Potassium Sulfate contains potassium (K) and sulfur (S) – two of the essential nutrients that plants require to achieve optimum growth and reach their maximum potential. Nearly every major plant physiological function depends on one or both of these nutrients and here, in the highly available water-soluble sulfate form, we offer a high performance solution grade powder that growers can apply with confidence. Designed for efficient delivery and immediate uptake, this 200 mesh powder can be used in reservoirs, fertigation, drip irrigation or spray applications.

Calcium 96

Ultra fine and highly reactive, Calcium 96 is a natural limestone powder that provides immediate availability of this valuable nutrient for plants and microflora. With a high neutralizing value, this solution grade powder can be applied at rates lower than typical Ag lime for fast soil pH changes. High quality calcium provides a myriad of benefits to plants, soils and soil biology. Designed for efficient delivery and immediate uptake, this 325 mesh powder can be used in drip irrigation or spray applications.

Grafting Wax

Treekote grafting wax is a must-have for horticultural professionals. It provides effective protection by sealing wounds and preventing infection in newly grafted trees or shrubs. This wax remains flexible after application, ensuring optimal moisture retention. With easy application, it can be heated to a semi-liquid state and smoothly brushed onto the desired area. Even in the face of rain, Treekote grafting wax is weather-resistant and won't wash away, guaranteeing long-lasting results.

HARRIS
★ Since 1922 ★

Worm Castings Soil Conditioner

Harris Worm Castings are the microbial-rich waste by-product that earthworms produce after eating nutrient-rich organic matter (e.g., leaves, plants, fruit). Often considered the "superfood of gardening", worm castings contain organic material beneficial for all your gardening needs. In addition, worm castings improve soil structure, water retention and drainage.

Hydrolyzed Fish 2-4-1

Organic, highly nutritional protein fertilizer made with naturally occurring enzymes present in fresh north Atlantic fish. Nitrogen, derived from fish protein in the form of amino acids, slowly breaks down into basic compounds when added to soil. Does no biological damage to the soil and will promote the growth of beneficial bacteria. Because no oils or proteins are removed, the nutrients remain in the soil longer.

Seaweed Plant Food 0-0-1

Growth promoting substances (Auxims, Cytokinins, Gibberellins) enhance plant development, color and vigor. Seaweed has also been found to increase plant hardiness and resistance to adverse environmental conditions, such as early frost, extreme heat and lack of moisture. Used as a seed inoculant, seaweed fertilizer increases and accelerates germination, and enhances the rapid development of a healthy root system. Seaweed is an excellent addition to any fertilization program.

Crab & Lobster Shell 5-3-0

It is an excellent dry organic source of NPK, calcium (23%) and magnesium (1.33%). Crab shell is high in chitin, which promotes the growth of chitin eating bacteria in the soil. When crab shell is added to the soil it helps to create a hostile environment for the fungus and nematodes by feeding the biological life. It will help eliminate ants, grubs, fungus and root nematodes, because they are all chitin based in structure. Put around plants, crab shell will keep slugs and snails off. It also helps choke out weeds and keep moles, voles, mice, etc from digging up bulbs and root vegetables.

80120006	4 lb.	081435506046	CS 604	6/6	**National**

Kelp Meal 1-0-2

It is dried and ground Rock Weed (Ascophyllum Nodosum). It is full of trace Minerals, Carbohydrates and Amino Acids, which help create a strong root systems and makes a very healthy plant. It should be tilled in the soil before planting or can be top dressed, incorporated into potting soils, seed beds and composting material. It will add organic matter to your soil and help it retain moisture. Kelp Meal will keep your lawn healthy and green, and shows great results on all plants.

Plant-Prod MJ™

SIMPLE YET SCIENTIFIC

The Plant-Prod MJ™ line of fertilizers was designed to bring our 70 years of experience to the cannabis growers of today. Plant-Prod is excited to provide licensed growers of medical marijuana products that are scientifically optimized, consistent and completely soluble.

Grow 12-8-26

This ideal ratio of nitrogen, phosphorus and potassium promotes optimal growth to ensure a sufficient plant structure to support target yields. The added magnesium ensures no signs of deficiency. Grow contains an enhanced micronutrient package with additional EDDHA iron to ensure efficient uptake at a wide range of pH levels.

Item #	Desc	UPC	Vendor	CS/UOS	Location
81970001	4.4 lb	69889123194	12319	6/6	East

Bloom 10-30-20

This essential formulation is high in phosphorus and moderate in potassium, encouraging full bud set and bud filling. The added magnesium ensures no signs of deficiency. Bloom also contains an enhanced micronutrient package with additional EDDHA iron to ensure efficient uptake at a wide range of pH levels.

Item #	Desc	UPC	Vendor	CS/UOS	Location
81970002	4.4 lb	69889123200	12320	6/6	East

Boost 15-30-15

This highly soluble formulation has a low salt index and contains no sulphates or harmful chlorides, making it a very safe fertilizer for young transplants to initiate rapid root development. When plants are of a sufficient level of maturity or when buds are pea sized, feeding with 15-30-15 provides a boost of phosphorus to promote vigorous bud setting and sizing.

Item #	Desc	UPC	Vendor	CS/UOS	Location
81970003	4.4 lb	069889123217	12321	6/6	East

Spike (CaMg)

The absence of nitrogen, phosphorus and potassium allows the use of this formulation at any stage of production without the risk of encouraging vegetative growth when undesired. Ideal for use with reverse osmosis (RO) or city water when calcium and magnesium levels are usually low. Use should be limited to 2 feedings per week at supplemental rates.

Item #	Desc	UPC	Vendor	CS/UOS	Location
81970004	.77 lb	069889123897	12389	12/12	East

Finisher 4-31-37

This finishing formulation encourages fullness and density. During the last few weeks of production, the elevated potassium supports plant turgidity and disease resistance, while the phosphorus optimizes photosynthesis. The added nitrogen ensures no signs of deficiency. Feed during final weeks of fertilization, followed by clear water prior to harvest.

Soil Moist™

Soil Moist™ Mycorrhiza Container Mix Plus

Contains beneficial endo-mycorrhizal fungi from 7 species that are adapted to a wide range of plants and habitat conditions. An 8-9 month timed release fertilizer and Soil Moist™ water storing polymer is included. The ultimate choice for planting flower boxes, hanging baskets & patio pots. Treats 20-1 gal containers, or up to 50 sq. ft.

Item #	Desc	UPC	Vendor	CS/UOS	Location
80040214	8 oz.	030541000696	JCD-05CMP	12/12	National

Soil Moist™

Soil Moist has been developed to reduce the amount of watering needed to maintain vigorous, healthy plants. Soil Moist is safe to use in all landscape and gardening situations, including vegetable gardens. When mixed in the soil, the Soil Moist crystals will soften and swell as water is added and absorbed. The polymer acts as a water reservoir, releasing water to the plant as the surrounding soil dries.

Spiral Metal Rain Gauge

Rapitest Rain Gauges are made to accurately record rain fall while decoratively accenting the yard, patio or garden. All of our cylinders are polystyrene to resist the effects of weather and resist breaking if dropped. All of our cylinders are also properly scaled up to 5" (12.5cm) using both imperial and metric measurements.

GreenGro Biologicals

Insect & Pest Spray

Want to give your plants a defensive barrier of protection against common insects? GreenGro Insect & Pest Spray is the ultimate repellant to keep ants, fleas, flies, aphids, spiders and more off your plants. Unlike harsh chemical pesticides, our formula uses quality organic ingredients that prevent pests from ever considering your plants a target. Spray onto plants every couple of weeks for pest prevention, or up to three times per week to fight an infestation. This formula is safe for use around humans and pets, all natural and non-toxic.

Food Grade Diatomaceous Earth

Diatomaceous Earth works by piercing the exoskeleton of insects. The diatoms, or phytoplankton, that make up DE have tiny, strong shells made of silica, one of the hardest natural substances on Earth. The sharp edges of the silica cause hundreds of abrasions on insects with exoskeletons, causing irreparable damage. Once the insects' exoskeletons are pierced, they dry out and pass away.

Corn Gluten Weed Preventer plus Lawn Food

Corn Gluten Weed Preventer plus Lawn Food feeds the lawn while preventing crabgrass, dandelions, and over 25 other broadleaf and grassy weeds. For optimal results, apply early in the spring—between March and early May—before weeds germinate. For a weed-free organic lawn year round, apply corn gluten meal in early and late spring and again in early and late fall.

Bee Safe 3-in-1 Garden Spray

An OMRI listed insecticide, fungicide, and miticide that has been trusted by gardeners for more than 25 years. It is effective on small, soft-bodied insects including, but not limited to, spider mites, thrips, mealy bugs, scales, and certain fungal diseases, as listed. This product is soft on beneficial insects and will NOT harm bees or adult butterflies. It kills all stages of small, soft-bodied insects: eggs, larvae, nymphs, and adults.

Japanese & Oriental Beetle Trap

Catches two destructive pests: the Japanese beetle and the Oriental beetle. An all-in-one trap with no accessories to buy. New easy-lock bottom allows the trap to be emptied and reused; and the floral and pheromone lure lasts the entire beetle season. The double-layer nylon bag is highly durable and the design ensures the bag stays attached. Catch capacity is four times larger than the competition.

Fruit Fly Trap

Indoor trap uses a food-based lure and color proven attractive to fruit flies. Catches fruit flies that congregate and breed near fruit, vegetables and food scraps. Simply add the liquid attractant to the trap and it starts catching fruit flies in minutes. Each trap comes with a 30-day supply of attractant and is reusable with fruit fly trap attractant refills. Safe to use around food. Non-toxic. Once caught, fruit flies will drown in the non-toxic liquid attractant.

Ant Bait Stations

A dual-bait formula that includes protein and carbohydrate in a form that is easy to ingest and transport. When placed where ant activity is seen, the foraging ants enter the bait station to find food and their colony. This will not only kill the workers but also will wipe out the queen and next generation of ants. Mess-free/won't spill. Child resistant. Visible results overnight. Ants find it fast.

Mosquito & Gnat Barrier

Mosquito and gnat barrier contains permethrin, a residual insecticide that provides up to four weeks of repellency for a wide variety of insect pests including mosquitoes, ants, fleas, ticks and more. Spraying your backyard can help to reduce suitable mosquito resting area (usually vertical vegetation) and therefore reduce your chances of being bitten. Spraying down wooded areas that your dog frequents can aid in reducing the risk of tick born illness for your pet and family.

Mossify

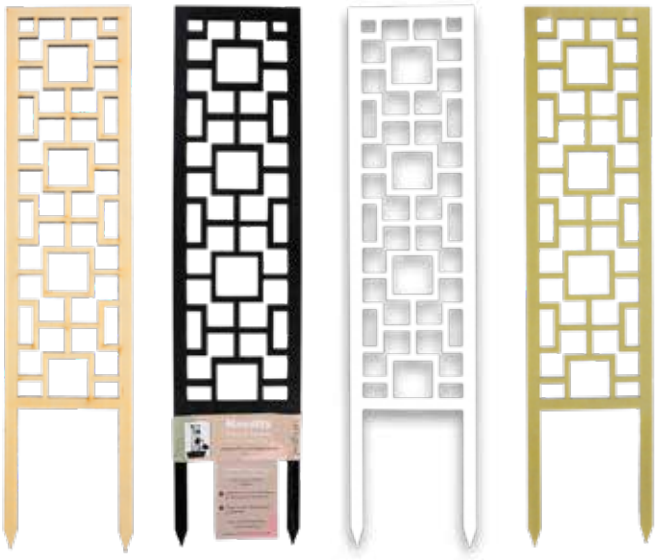

Bendable Coir Pole™

This unique plant support system is just what tropical plants have been craving for. Handcrafted with premium Manila rope, our Bendable Coir Pole™ is not only flexible and easy to use, but it's also perfect for all climbing, vining, and trailing plants. What sets our Bendable Coir Pole™ apart from the Bendable Moss Pole™ is that it's thinner and more pliable, making it the perfect support for a wide variety of plant sizes and shapes.

The Bendable Moss Pole™

The Original Bendable Moss Pole™ by Mossify is a groundbreaking and award-winning moss pole that's revolutionizing the way customers support the growth of their tropical plants. Unlike traditional, rigid moss poles that dictate the direction of your plant's growth, Mossify's Bendable Moss Pole™ is designed to be flexible and adaptable, allowing plants to grow at their own natural pace and in any direction they please.

Ups-A-Daisy

Help your flowers and plants rise to the occasion. Ups-A-Daisy plant elevation platforms are uniquely designed to help reduce the amount of potting soil required to fill large, tapered pots. Ups-A-Daisy sets inside your planter approximately 1/2 to 2/3 of the way down into your container.

ARIANA PLANTER

Bell-shaped decorative planters |

With grid - For worry free watering

A self-watering insert built into the bottom of the planter traps excess water where the roots can access it, reducing the how often you need to water. It also helps prevent plant-killing root rot by allowing oxygen to access the plants roots. A range of traditional and vibrant color choices make it easy to coordinate with your home décor or add an eye-catching splash of color.

Veranda Square Plastic Deck Box Planter

The Bloem Veranda Deck Box Planter offers a rolled lip wide opening and ample soil space to accommodate several grower pots. It will last season after season since it’s fade-resistant and made from durable polyethylene plastic. This traditional looking and lightweight pot is ideal for decks, entryways, and outdoor living spaces due to its legs that prevent mold or mildew from collecting at the bottom.

MADE IN THE USA

Clear Deep Vinyl Basket Liners

Designed to fit nearly any standard basket. Heavy gauge vinyl liners offer added flexibility and transparency to provide real support for candy and fruit baskets; our heavy-gauge plastic basket liners are best suited for floral arrangements and potted plants. By keeping potting soil and water safely inside the basket, our lineup of plant liners ensure optimal protection for table surfaces and flooring.

Hanging Baby Dotty Trio Pots

Baby Dotty is an adorably tiny hanging indoor pot, just perfect for those small-but-perfectly-formed baby succulents. It has a charming hand-crafted feel, with a slightly wavy edge to the rim. On the lower half of each pot there's a beautiful dip-glaze, which accentuates the interesting dimpled texture. No drainage, pot measures 2.5"x2.75"
Four sets of 3 per case.

Flat Bottom Plastic Vase

Honor your loved one's gravesite by adding a bouquet of live or artificial arrangements to a beautiful memorial vase. Each cemetery vase comes with a stake for easy, secure placement. These long-lasting, versatile vases are available in a variety of styles and primarily made in USA with durable, UV-protected, quality plastic. In addition to the placing them at the cemetery, use Memorial Vases in garden beds or gatherings, celebrations, and other social festivities.

Terra Cotta

EarthBox® Garden Kit

This maintenance-free growing system controls soil conditions, eliminates guesswork, and more than doubles the yield of a conventional garden - with less fertilizer, less water, and virtually no effort. Just add plants, water, and sunlight for an easy garden that requires no digging, no weeding, and no guesswork! Grow tomatoes and other robust vegetables and aromatic herbs in any small space - a balcony, patio, or even rooftops!

COLE'S
THE BETTER WILD BIRD FEED

Made in USA

Niger Seed

Often mistakenly called Thistle seed, is a favorite of beautiful wild finches like the American Goldfinch. It is best used in a specifically designed tubular feeder with small holes where it can be economically dispensed.

Item #	Desc	UPC	Vendor	CS/UOS	Location
80370024	5 lb.	751478100739	NI05	6/6	East
80370025	10 lb.	751478100746	NI10	4/4	East

Oil Sunflower

Over 99% pure and cleaned four times to ensure that you get more seed and fewer sticks. Plus it's positively chock full of oil. You want as much oil in your sunflower as you can get because that's what attracts the birds. High-grade, high-oil sunflower means more birds at your bird feeder.

Item #	Desc	UPC	Vendor	CS/UOS	Location
80370021	8 lb.	751478100616	OS08	4/4	East
80370022	16 lb.	751478100661	OS16	2/2	East

Raw Peanuts

Higher in essential fat and protein than peanut hearts and pieces, Raw Peanuts are a great attraction for titmice, nuthatches, wrens, and woodpeckers.

Item #	Desc	UPC	Vendor	CS/UOS	Location
80370030	5 lb.	751478100937	RP05	6/6	East
80370031	10 lb.	751478100944	RP10	4/4	East

Safflower Seed

Safflower is a lifesaver for those of you having trouble with squirrels. Most squirrels and blackbirds don't like it, while cardinals, nuthatches,and chickadees can't resist it. So if you're tired of feeding more squirrels than birds, Safflower is definitely for you.

Hot Meats®

Nutritious sunflower meats infused with fiery hot habanero chilies, Hot Meats® are a great no waste, no mess feed. Bluebirds and cardinals are especially fond of the hot Cajun flavor. With Cole's Hot Meats® you'll get more bird visits than ever before.

BENCHMASTER®
All Plastic Display Systems

SHOW MORE, SELL MORE!

Make it easier for your customers to buy more. Tier benching provides a clean and attractive display and allows you to double your display area.

SAVES WORK, TIME AND MONEY

Enhance Indoor and Outdoor Merchandise

- Benchmaster holds up to 50% more plant material than conventional wood displays
- Creates a clean and professional look

Strong, Durable and Long Lasting

- Molded from tough, high-density, UV stabilized, post consumer recycled plastic
- Will not rot, rust or corrode
- Stains and liquids will not absorb like wood
- Non-porous surface cleans up by hosing it off

Easy Setup and Teardown

- Snap-together design will save time and money
- No tools required
- Change an entire floor plan in minutes

People Friendly

- No slivers, no sharp edges
- Stable and safe to shop and work

Caster Bars

*Use plastic collars for stability for multi-tier displays.

Call today to customize your retail display!

Terms and Conditions

UPS / FED EX
We generally recommend UPS / Fed Ex deliveries as the best method for shipping, providing these requirements can be met: all UPS / Fed Ex shipments require a street address and a zip code. Please do not ask us to ship UPS / Fed Ex unless these requirements are met.

Hazardous materials can not be shipped UPS / FEDEX / USPS
There is a $26.00 charge per package for all C.O.D deliveries by UPS / Fed Ex. We suggest paying by credit card to alleviate this. UPS / Fed Ex has a fuel surcharge into their freight rates that will fluctuate monthly based on current fuel cost. All orders will have a $15.00 charge for packaging and handling. There is an additional handling fee of $25.00 for all packages not in a box or 48 inches along it's longest side, and 30 inches along its second longest side, or has an actual weight of 70 pounds or greater. **Any refused C.O.D deliveries will incur a 25% restocking charge.**

UPS / FED Ex- Damaged Shipments
If you see that a shipment is damaged upon receipt from UPS / Fed Ex, refuse shipment. UPS / Fed Ex will return the shipment to us, and we will file the claim and send a new shipment to you. If after opening the package you find concealed damage, call us at once. We will instruct UPS / Fed Ex to pick up the package and return it to us for a claim. We will reship your order.

C.O.D. Shipment
Will be made to all accounts with a balance over 60 days.

Payments
We accept Cash, Check, or the following major Credit Cards: American Express, Visa, MasterCard, and Discover. No additional discounts allowed on credit card payments. Credit cards taken after the initial purchase will require a signed form stating that purchaser agrees to a 2% processing fee, charged by Griffin Greenhouse Supplies, Inc. and will be charged with the balance being paid.

Offerings
Listed are made subject to being available. We will not be held responsible for delays in shipment caused by conditions beyond our control. Applicable substitutes will be made when necessary.

Terms
Are net 30 days unless otherwise stated. A 1½% per month service charge is added on all overdue accounts. This is an 18% annual charge. Terms are COD where credit has not been established. Returned checks will be assessed a $20.00 fee. Delayed Payment Plan (dating) will only be extended to accounts with a satisfactory payment record.

Direct Shipment Deposits
All material that is shipped Direct from the manufacturer to the customer will require a 30% deposit before the order can be placed with the manufacturer. Depending on the size or complexity of the order you will be required to sign off on a bill of lading to ensure the accuracy and condition of the order.

Returns
No merchandise may be returned without authorization from our office. Merchandise must be returned within 60 days of purchase. Invoice number and date of purchase is required for any/all returns. A restocking charge of 20% is charged on all returns unless merchandise is defective. **ITEMS THAT ARE SPECIAL ORDERED, MADE TO CUSTOMER SPECIFICATIONS, NON-INVENTORY OR NON-STOCK ITEMS, CANNOT BE RETURNED FOR ANY CREDIT DUE TO THEIR SPECIAL NATURE.**

Chemical Shipping
No chemicals will be left without a customer signature. All restricted use products must be accepted and signed for by the license holder only, which is enforced by state law.

Sales Tax
Appropriate state tax will be charged based on location of delivery. All items will be charged sales tax unless we have your tax exempt number on file. In compliance with the law, we must charge the tax on all items, which the state designates as taxable even though you have provided us with your sales tax number. If any items purchased are for company use please notify us so the appropriate tax can be charged.

Recommendations
Made by us are compiled from recognized horticultural sources. We are not responsible for damage or failure due to recommendations given by Griffin Greenhouse Supplies, Inc.

Notice to Purchaser
The following is made in lieu of all warranties expressed or implied. Seller's and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Neither seller nor manufacturer shall be liable for any injury, loss or damage, direct or consequential, arising out of the use or the inability to use the product. Before using, user shall determine the suitability of the product for his intended use, and user assumes all risk and liability whatsoever in connection therewith. The foregoing may not be changed except by an agreement signed by officers of seller and manufacturer. All terms and conditions listed are subject to change.

Motor Freight Shipments
In order to provide you with the best service possible all deliveries made must be signed for, which will ensure the right product and quantities are received. All pallets are wrapped with black wrap and taped to ensure your order arrives complete. If your pallet is tampered with, please sign the bill of lading **"1 pallet received, tape and wrap has been broken."** Any shortages or missed shipments must be noted upon receipt of your delivery, so please try to be available on delivery date.

All orders for delivery must be placed 24 hours, or 2 working days, prior to your delivery day.

The original Bill of Lading attached to our invoice indicates that material shipped has now become your property and is an acknowledgment by the transportation company of the receipt of the property in good condition. Safe delivery of this shipment is now the responsibility of the carrier. Please examine your shipment carefully before signing the freight bill. We will be glad to assist in tracing or recovery of lost merchandise.

Motor Freight - Damage or Shortage
If any damage is noted, or if the number of pieces received does not agree with the number on the bill of lading, **DO NOT** accept the shipment without shortage or damage notated on your freight bill and signed by the carrier's agent (driver). Failure to do so may jeopardize your recovery. If any concealed damage or shortage is discovered when unpacking, leave the material and the packing as is and notify the carrier for a concealed damage or shortage inspection. Consult the carrier for the necessary claim papers and disposition of damaged articles. When checking shipments, compare what was received with packing list or invoice. If there is a shortage or damage, **YOU MUST CONTACT US WITHIN 24 to 48 HOURS** and provide us with full details and pictures.

Claims with motor freight companies must be made promptly. The freight company will not consider a claim unless it is presented within nine months from the date of shipment. The carriers agent will assist you in making that claim. Claims for loss or damaged material and transportation charges MUST NOT be deducted from the invoice and the payment of invoices MUST NOT be withheld awaiting adjustment of such claims, since it is the function of the carrier to guarantee safe delivery.

Prices and terms are subject to change without notice.

Prices at time of shipment will prevail. For current quotations, please call us. Prices quoted are FOB Denver, CO; Cheshire, CT; Canton, GA; Tewksbury, MA; Gray, ME; Bridgeton, NJ; Auburn, NY; Brookhaven, NY; Schenectady, NY; Perrysburg, OH; Gresham, OR; Morgantown, PA; Richmond, VA; and Woodridge, IL. or FOB the factory unless otherwise stated.
